High Performance Webcam with AutoFocus

The QuickCam® Pro 9000 webcam features AutoFocus with Carl Zeiss® optics, allowing you to capture every detail and keep things sharp – even in the most extreme close-ups. Even in poor lighting, you'll get great looking images with the RightLight™ 2 Technology – which adjusts for dim, side, and backlit situations. Plus the built-in microphone with RightSound™ Technology ensures your conversations are crystal-clear.
